From Twenty to One Hundred are Reported Killed and Injured.

TORNADO DESTROYED 3 BLOCKS AND THE WRECKAGE CAUGHT FIRE

Awful Scenes Last Night Followed in Mississippi City---Loss \$2,000,000.

Meridian, Miss., March 3.-This morning it is known that seventeen were killed and twenty-five or more injured by a cyclone which swept over the city last evening.

The property loss is variously estimated at from one to two million dollars. The local militia was called out at midnight to patrol the stormswept district and aid in protecting property, and preserving order, The cyclone passed through two populous suburb districts, and par-

tially through the business section of the city. The principal residence After the storm, fire broke out in the wreckage, but the heavy rain

LIST OF DEADMAY BE GREAT.

Meridian, Miss., March 3 .- It is impossible to tell the number of dead from the cyclone. The estimates run from twenty-five to two hundred. Searching parties are at work in the factory district, where many houses were blown down and there are supposed to be many bodies under the wreckage. Until the work progresses farther it will be impossible to tell the number of dead. The majority of killed were negroes,

The heart itself has no power—no self-control. It is made to beat by a tender nerwe so tiny that it is scarcely visible to the naked eye. Yet ten thousand times a day this delicate nerve must assist the heart to expand and contract.

This nerve is only one of the branches of the great sympathetic, or INSIDE, nerve system. Each branch of this system is so closely allied with the others that weakness or irregularity at any point is apt to spread. Heart trouble frequently arises from Stomach trouble through sympathy, and Kidney trouble may also follow. For each of these organs is operated by a branch of these same sympathetic nerves—the INSIDE NERVES.

In Heart, Kidney or Stomach troubles it is of but little use to attempt to doctor the organ itself—the most permanent relief lies in restoring the INSIDE NERVES. Dr. Shoop regards these nerves to be the real cause of such troubles. The remedy—known by physicians and druggists everywhere as Dr. Shoop's Restorative—is the result of years of endeavor along this very line. It does not dose the organ to deaden the pain—but it aims to go at once to the nerve—the inside nerve—the power nerve—and builds it up and strengthens it and makes it well.

Every heart sufferer may have Dr. Shoop's book on the Heart. It will be sent free, and with it you will receive the "Health Token," an intended passport to good health.

For the free book and the "Health Token" you must address Dr. Shoop's book on the Heart.

Weddings of the Week.

The marriage of Miss Theresa F Hummel to Mr. Otto Edwin Gross, of St. Louis, took place Tuesday afternoon at 4:30 o'clock at the German Lutheran church. The church was a bower of green, palms, ferns and southern smilax being used with graceful effect in the decorations. From the arch of smilax under which the couple stood was suspended a bell surmounted by a dove. Rev. A. C. Ilten, pastor of the church, said the ceremony. Miss Maurer presided at the organ, playing the Lohengrin march as a processional and Mendelssohn in recesional. "Hearts and Flowers" was played throughout the ceremany. IS NOT YET DECIDED

The local I. C. shops will undergo many improvements this summer the total expenditure of money for the mprovements being estimated at many thousand dollars. Some of the proposed improvements are new while others are those already ecommended but not actually order-

During the winter many visits have been paid to the shops by officials of the mechanical and road departments, and a great deal of inpresident of the road, is in the city making an inspection but his visit is said to have no special significance to the local shops.

"There is one improvement to be made the shops which is a certainty," a local official stated this morning. "This is a shed on the south end of the mill, covering five repair tracks. This will be a great improvement to the shops and is an absolute necessity. The ground space to be covered will measure 520x95, the latter being the width of the five tracks. This will give the men protection from the weather. No sides will be put up, the building being merely a big shed similar to that of the tank shed between the machine and mill shops."

There are other improvements which have been asked for but not definitely decided on. One is the tin shop which was ordered last summer but never built. It is understood that the plans for the tin shop have already been drawn and nothing remains to be done but build the

lingering coughs that are corable, it is not so effective in acute colds and coughs unless slippery elm mucilage, flaxseed tea, solution of gum arabic, or other mucilaginous demulcent be drank freely in connection with its use. Nor must the "Golden Medical Discovery" be expected to cure consumption in its advanced stages. In its early stages it will stay its progress and often effect a cure if its use be persisted in for a reasonable length of time. Send for the little book noted above and learn what those most eminent in the medical profession say of the ingredients out of which Dr. Pierce's medicines are made and thereby learn why they cure obstinate diseases.

By reading some of the extracts from eminent authorities contained in the little booklet mentioned above, treating of the several ingredients entering into "Golden Medical Discovery," it will be readily understood why this famous medicine cures obstinate kidney and bladder affections, chronic diarrhea, all catarrhal affections, no matter in what part of the system existing. By reason of the Stone root, and Golden Seal root contained in it, it is a most effective curative in valvular and other affections of the heart, as you will understand from the writings of Drs. Paine, Hale, Elling wood and others, concerning Stone root, Golden Seal root and Black Cherrybark which are to be found in the little booklet above mentioned.

THREE MEN IN BOAT "WORLD AT LARGE" DIDN'T FARE WELL

Rather They Were in Two Boats. and One Was Swamped.

Crockett Wright Had a Narrow Escape From Being Drowned and Lost Supplies.

TRIP ABANDONED. HUNTING

Crockett Wright, Roy Nelson and lobiou Johnson have returned to the city after starting on what proved to be a very disastrous hunting and fishing trip to Turner's Lake several miles down the Ohio river.

They started down the Ohio in two boats Thursday morning. Nelson and Johnson in a heavier craft kept to the Kentucky side while Wright in a lighter boat which carried most of the supplies, took to the Illinois shore. Wright carried in his boat a stove filled with cartridges and supplies. He had his gun, an extra coat, hat and other articles of wearing apparel in the boat. The heavy waves swamped him and his boat sank rapidly. Wright saw it was useless to attempt to save anything and struck out for the shore. He was about 200 yards from the Illinois bank just below the towhead opposite the I. C. incline. He reached he shore after a hard struggle and succeeded in climbing up the steep ank, but there his troubles seemed to begin. His friends were too far away to hear his cries for help and on account of the rough river could not see that he had met with disaster. Wright took to the woods and made for Brookport. He had to swim two creeks and when he reached Brookport was pretty well fagged

When the three got together again the trip was abandoned and they returned to Paducah yesterday afterroon. The stove, gun, hat and other articles in Wright's boat were lost, the waves having turned the craft over. The boat was saved, however having been caught below Brookport. Wright's loss will amount to more than \$100

remedial action of all the foregoing roots in the cure of severe coughs, bronchial, throat, laryngeal and other kindred affections of the air-passages and lungs. In all "wasting diseases," where there is loss of flesh and gradual "running down" of the system, the glycerine certainly plays an important part in lessening the breaking down and wasting of flesh, and in promoting assimilation and increase of bodily strength and weight. It is a powerful reconstructive agent in all cases of

Glycerine is also one of the very best anti-ferments and as such counteracts the excessive fermentation of foods in the stomach, present in most cases of indigestion or dyspepsia. Thus the pain belching of noxious gas, bloating and other disagreeable symptoms are overcome and the Stone root, Golden Seal root, Bloodroot and other ingredients of "Golden Medical Discovery "are greatly assisted in their action in completing a cure.

As will be seen from the writings of Drs. Rheumatism should have no place in this modern age. It is in affliction of our grandfathers, and should have passed sway

Now, the blood must be hot to dissolve uric acid just like water has to be hot to dissolve sugar. When it isn't hot, the uric acid crystalizes—forms little grains just like sugar—called uric salts.

Consequently you must keep on taking the patent medicine or drugs—keep on deadening the pain—and all the time the disease itself is getting worse.

THE VALUE OF CHARCOAL.

Few People Know How Useful It Is in Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature but few realize its value when taken into the human system for the same

cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions and ofher odorous vegetables. Charcoal effectually clears and improves the complexion, it whitens the

teeth and further acts as a natural and eminently safe cathartic. It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and

throat from the poisor of catarrh. All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form or rather in the form of large, pleasant tasting lozenges, the char-coal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but on the

contrary, great benefit.

A Buffalo physician in speaking of the benefits of charcoal says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twentyfive cents a box at drug stores and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

We invite your attention to the enclosed newspaper clipping which is an indication of the value of the White Rock Claim owned by us. In fact the large development work now being done by all the mines, and the early completion of the railroad by June 1 has already started the looked for boom. We desire to impress upon the public that only a limited amount of stock will be offered at the initial price of 15 cents per share. In view of the demand and the prospect of an increase in price we strongly advise prospective purchasers to send in their orders by early mail or wire for reservations and let !
